

ICSC STUDENT JOURNEY

FROM CLASSROOM TO WORKING AT INTERNATIONAL EVENTS

WHY COMPLETE THE ICSC

It is mandatory to have an ICSC and be a member of FICS, to be selected for a FICS team appointed to an international event.

The friendships and networks you make with athletes, sports chiropractors from around the world is priceless.

Eligibility for ICSC

In order to apply for the ICSC and participate in the eLS and/or in any of the hands-on seminars you must fulfill the following criteria:

- Be a qualified chiropractor from a **CCEI** recognized accredited college. For the list of acceptable accredited institutions, click through to our website to check accredited educational colleges.
- Undergraduate students in or entering their **final year** can complete the hands-on seminars and the eLS. The Professional Experience part of this qualification is completed after graduation.

Every athlete deserves access to Sports Chiropractic

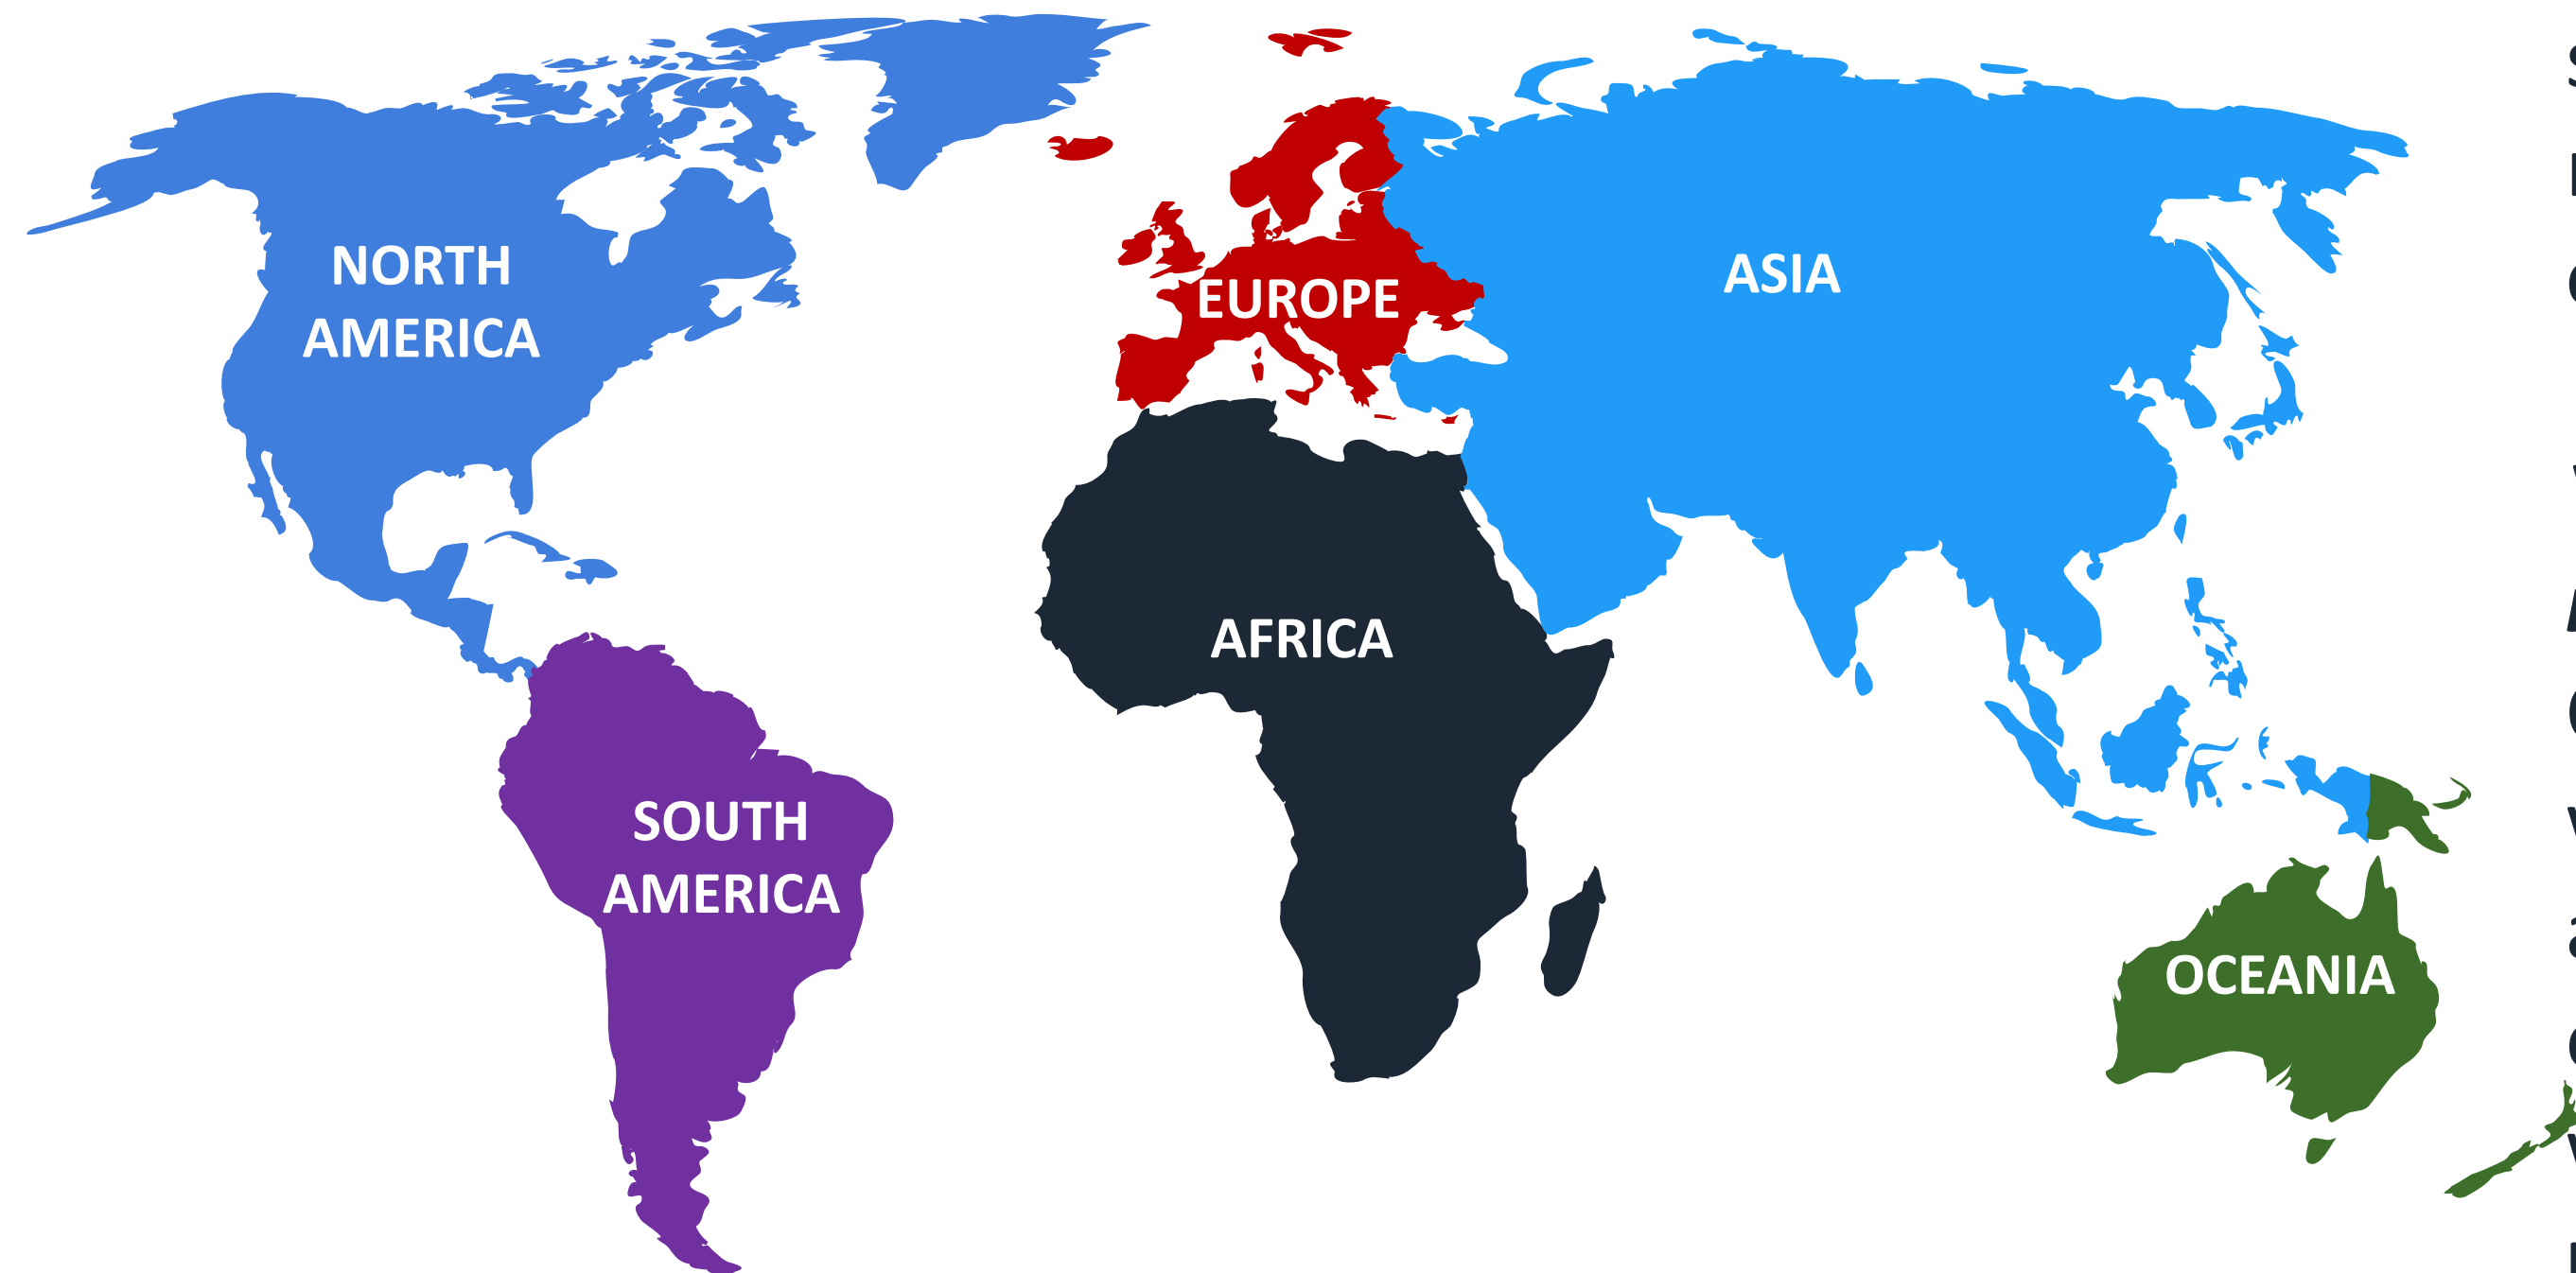

THE PRIZE: Working at International games

The International Certificate in Sports Chiropractic (**ICSC**) program is a course delivered by **FICS** and produces a well-rounded individual chiropractor that is qualified to work at sporting events throughout the world. It is the minimum qualification required to be part of a FICS chiropractic delegation at regional sporting events, international events such as the regional and world championships, the World Games, or the Olympic Games.

Your time as a volunteer at games has many rewards:

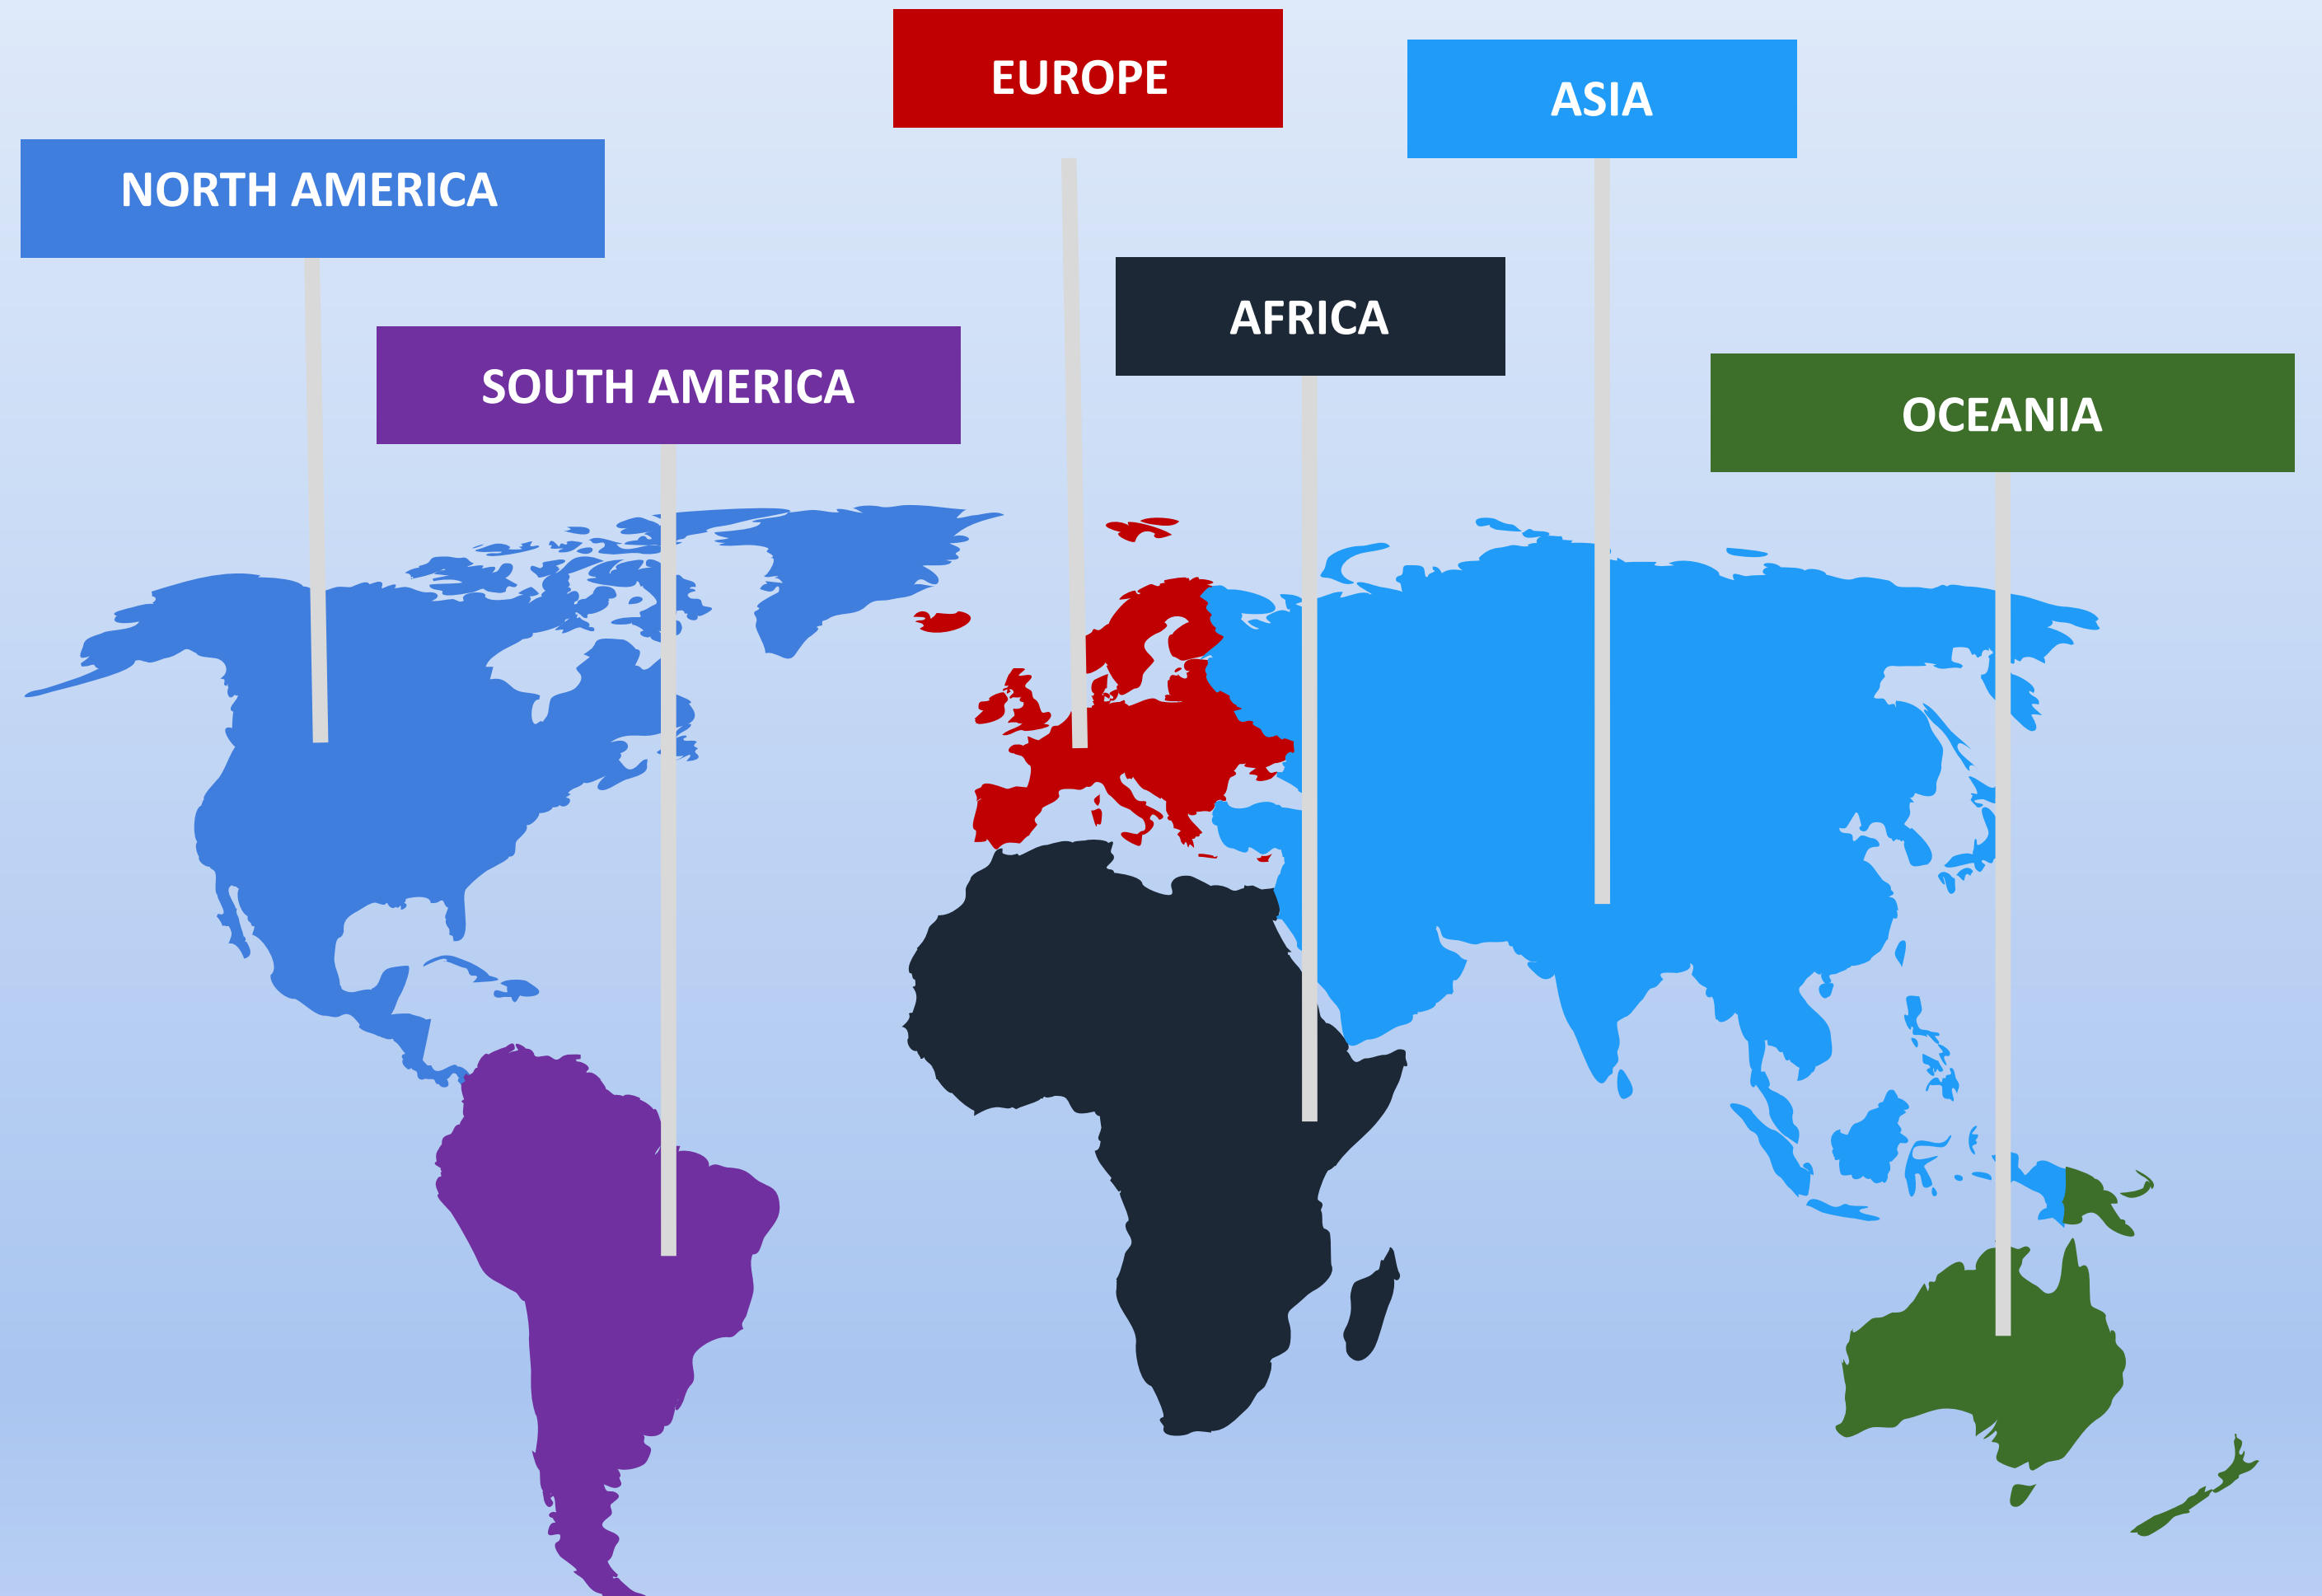

Comradery, experience with multisport injuries, working at International games with International athletes, generosity, gratitude from athletes and event organizers, networking with other professions working at games. **The friendships and networks you make with athletes, sports chiropractors from around the world is priceless.**

Every athlete deserves access to Sports Chiropractic

WORLDWIDE QUALITY ASSURANCE FOR CHIROPRACTIC EDUCATION (CCEI)

The Councils on Chiropractic Education International (CCEI) is an organization of chiropractic accrediting bodies worldwide.

CCEI is committed to excellence in chiropractic education through emphasis on quality in The International Framework for Chiropractic Education and Accreditation, and by aiding in the development and recognition of new accrediting bodies in geographic regions where such agencies are not currently recognized.

CCEI provides accreditation services through its assigned member organizations to chiropractic educational entities situated in areas not currently served by a CCEI member agency. Accreditation agency actions and status designations for chiropractic educational entities that award equivalent degrees are mutually endorsed on the basis of membership in CCEI.
