

Application Form FICS Team at International Event

The games commission would like to thank you for your dedication to the FICS organization in providing outstanding care to the athletes we serve around the globe. It is heart-warming to see the positive outcomes we have achieved for the athletes and in ensuring sports chiropractic remains a critical part of the international sports care team. You should be extremely proud of these accomplishments! **BECAUSE you are responsible for our continued growth.**

Our efforts must remain consistent and vigilant to cultivate our position in providing athletes equal opportunity to the specialist care we provide. Please join your colleagues in perfecting your skills, advancing your knowledge and giving back to your profession by volunteering for the following venues. Come join us in sharing your gifts of healing with the world.

All events can be found on the FICS website /

From 31 March 2020 all team members must have their ICSC. If you have not been awarded your ICSC certificate yet, send your complete e-learning module certificates to Trish at admin@ficsport.org so she can get this sorted for you.. We look forward to you joining us for the first time and seeing members of our extended family once again.

There is currently no stipulation for vaccination. This is a personal choice at this stage which may change at any given time and will always be subject to the national and international travel regulations. It will be your responsibility to ensure that you have complied with the international travel requirements to and from your country. If the event organisers stipulate the requirement of vaccines for a particular event, you will be notified as soon as we have this information.

Tim Ray, Chair of the Games Commission and his team.

Further information: Further information or questions you may have email the FICS Games team on games@ficsport.org

Members attending games as part of the FICS team are expected to abide by the **FICS Terms and conditions**. The tiering selection information are related to teams attending international games can be located on the FICS website. <https://fics.sport/international-games/>

FICS builds relationships with International Sports Organisations throughout the world, offering sports chiropractors the opportunity to treat at elite level sporting competitions around the world.
