Marital Status: Married (two children)

CURRENT EMPLOYMENT:

Federation International de Chiropractic du Sport (FICS) Secretary General Email: secgen@fics.sport

PROFESSIONAL EXPERIENCE

Associate Dean of Academic Affairs, Palmer College of Chiropractic West San Jose California January 2017–April 2025.

- Responsible for curriculum delivery, quality improvement, accreditation, and standards. Also, manage with the Academic Dean all academic staff including performance review. Additionally, coordinate and teach Chiropractic Philosophy & Practice II, Upper Extremity Technique & Management, and Geriatrics. Instruct Chiropractic Clinical Evaluation, Lower Extremity, Cervical Spine, Thoracic Spine and Lumbopelvic spine labs.
- Co-manage the current phase out project for the closure of the PWCC campus.
- Supervise Phase out of program after announcement of closure in March 2025.
- Interim Clinic Director at the PWCC outpatient clinic overseeing patient care and student's progress in clinical skills development and clinic courses.
- Managed transition to online teaching during Covid and continuation of broadcasting and recording lectures and lab.
- Advisor for Motion Palpation and Extremity Club
- Project lead for Palmer College of Chiropractic West curriculum Mapping 2017.

Federation International de Chiropractic du Sport (FICS) Leadership:

- Secretary General: July 2024
- Executive: Member of Executive Council and Executive Management Team
- FICS Liaison to IWGA, IWGA Medical committee member, World Dancesport Ethics committee member
- FICS Full Member 1989-Present
- FICS Committee Member: Education, Finance, International Sports Federation

Dean and Head of College, Australian College of Physical Education: Sydney Olympic Park, Sydney, NSW Australia January 2013 to January 2017.

- Responsible for all management and strategic direction for the College. ACPE is fully Accredited by TEQSA and awards bachelor's degrees in various aspects of Sport, Education, Dance and Health. Manage a AU\$15M budget and over 50 academic and administration staff. Implemented a college restructure to align academic and operational efficiencies. Organised a college wide curriculum review with implementation of a generic degree structure that provide flexibility for student progression and delivery. Initiated a workload management system that provide a clear, transparent, and equitable system to plan and monitor academic workload inclusive of teaching, research and scholarship and

service to the College, Community and Profession. Secured new location for the College and manage the AU\$10M building and fitout of facilities on Sydney Olympic Park. During this time, we have received reaccreditation of the College from the accrediting bod of TEQSA and added seven new degrees including a Bachelor of Health Science.

- Specific to Chiropractic, I designed with my team a new Bachelor of Health Science degree with 5 different majors. This required a benchmarking exercise, curriculum review and development, TEQSA application and submission, course development including syllabi and teaching materials. The degrees were Bachelor of Health Science with majors of Sport, Exercise, Dance, Community Health, and Fitness. This was approved by TEQSA in 2014 for delivery in 2015. I oversaw the administration of this degree, quality control, continuous improvement, and regulation. This educational degree had a strong emphasis on prevention and management of sports injuries that included conservative management of various health care including chiropractic.

Private Practice Consultant to Compassionate Veterinary Medicine: Part Time 120 Oratava Avenue West Pennant Hills, NSW. January 2013 to December 2016.

- During my time as Dean/Head of College at ACPE in Sydney I was a consultant to my wife's Veterinarian practice that is a conservative treatment of primarily small animals especially elite sports dogs in obedience, agility, and field trials. This was during my off hours and usually on evenings and weekends. My consultation was for evaluation of radiographs, assessment of musculoskeletal conditions, chiropractic assessment of the animals and supervision of chiropractic care. I did not deliver the treatment as this was performed by Dr Deb Nook. My work schedule was variable depending on the difficulty of the cases but averaged 5 hours per week during January 2013 to December 2016.
- Organised training sessions and consultation on various chiropractic cases with alumni from Murdoch University Chiropractic School. I hosted 4-8 graduates from Murdoch University Chiropractic School 6 times per year at our home or at Waterloo Chiropractic Clinic. This meeting included a set agenda with case reviews, radiographic interpretation, case management, practice management and technique demonstration and treating of each of the attendees.

Dean, School of Chiropractic and Sports Science, Murdoch University: Murdoch WA, Australia December 2006 – December 2013

- Managed and directed the Chiropractic program and added programs in sports science and exercise physiology. Renamed to the School of Chiropractic and Sports Science.
- \$8.3 Million annual budget 27 academics and support staff. Part of the founding team with no specific or dedicated facilities or staff.
- Responsible for Regulations, policies, Academic planning and governance, Skills in dealing with a highly multidisciplinary role, which incorporates financial and human resource management and procedural management dimensions, Management of staff, Space management and managing the physical relocation of staff, Risk management, Academic governance, Enterprise bargaining agreements – Academic and General staff, AUQA, TEQSA, National standards, Accreditation.
- Attracted and employed all academic and administration staff at the school. Co-Author for internal funding of Stage II of Club Rooms for Murdoch Sports Fields: Total Funding \$1.8 Million in 2012. Co-Authored internal funding for expansion of the Murdoch University Chiropractic Clinic and Research Facility: Total Funding \$250,000 in 2012. Author for Health Workforce Australia through Western Australia Department of Health for grant funding for equipment to support Immersive and Simulated Learning: Total Funding \$350,000 in 2011. Co-Author for Teaching and Learning Capital Fund Higher Education (LTC(HE)) for development of new Sports Science Laboratories: Total Funding \$4 Million in 2010. Co-Authored for internal funding for new Diagnostic, Radiology and Anatomy Facilities: Total Funding \$3.1 Million. 2007. Co-Authored Business case for internal funding of new Chiropractic Clinic. Total funding \$3.3 Million in 2006. Co-Authored internal funding for development of new Chiropractic Technique Laboratory: Total Funding \$450,000 in 2005.
- Private practice as independent contractor for Safety Bay Chiropractic in Rockingham, Western Australia.

Associate Professor, School of Chiropractic and Sports Science, Murdoch University June 2003 – January 2013

- Teaching, Research and University and Community Service
- Integral team member for the formulation, development, and implementation of Chiropractic curriculum
- Developed and implemented chiropractic technique curriculum through program
- Developed and taught 5 new units.
- Develop research leading to publications and presentations.
- Service to the profession and community
- Teaching excellence awards, multiple publications and invited international presentations. Served on numerous local, national and international organisations and committees

Interim Dean of Faculty, Faculty of Health Science, Murdoch University January 2011 - November 2011

- Responsible for direction and management of the faculty including the Schools of Veterinary and Biological Science, Psychology, Nursing and Chiropractic and Sports Science

Federation International de Chiropractic du Sport (FICS) current Executive Board member and CFO, Past 1st Vice President, Past Chair of Education Commission and International Sports Federation Commission and current Liaison to the International World Games Association (IWGA). Member of International Sports Federation and Games Commission and Education Commission. Chief de Mission for FICS delegation to World Games, All African Games, Olympics, and international sporting events.

Senior Lecturer, Durban Institute of Technology, Chiropractic Department: Durban, KWZ South Africa December 1996 – March 1999

- Key responsibilities include unit and curriculum development, clinical supervision, and the development of the Chiropractic program at Technikon Natal. Initiated and developed the sports Chiropractic program at the institution and organised the networking of the profession into numerous national sporting events and organisations.

Director of the NWCC Post Graduate Sports Chiropractic Programs 1986 – 2003

- Organized and managed the CCSP and DABCSP programs nationally

Teaching Assistant, Northwestern College of Chiropractic (NWCC), Chiropractic Technique Department: Minneapolis, MN USA December 1983 – May 1985

- Teaching Assistant in Chiropractic Technique, radiology and diagnosis units.

Private Practice, Schaller and Holstein Iowa USA May 1985- June 2003

- Owner and manager of two Chiropractic clinics
- Team Doctor for various sports at local High Schools. Worked with teams consisting of 20-65 high school students team management, including integration with sports coaching, and working with high school students and their parents
