

Dear FICS Members and Friends:

I wanted to take a few short moments to update you on the current environment and its impact on our organization. As you know COVID-19 knows no borders and does not discriminate. This virus has affected all of us no matter where with work and live. I wish every day that you and your family are safe and well.

During this time, we have learned that the 2020 Tokyo Olympics and Paralympics has been postponed to July 2021. We have also been informed that the World Games to be held in Birmingham USA have been postponed to July of 2022. Along with these major events we are seeing cancellations or postponements of almost all sporting events in virtually every country around the globe. For FICS this has meant that almost 20 events to date that utilize FICS Doctor of Chiropractic have been canceled or postponed. Like all of you, we look forward to the time that our schedules and operations return to normal.

***Our vision today is as important as it was a few months ago.  
That is that every athlete across the globe have access to chiropractic care.***

I must say that even with the many personal and profession issues that have come with this pandemic, our team of volunteers and staff have not missed a step. They have been developing ways for our members to continue to receive value from their FICS membership. Given social distancing our new and improved "value" for you has become "virtual." Offering new opportunities to sharpen your mind and skills online. We have implemented discounts and a payment deferment plan for the International Certificate in Sports Chiropractic (ICSC) online content. These plans represent a 36% discount on the ICSC online program. You can get more information and learn the details of this fantastic offer at <http://fics.sport/education> or email our office at [admin@ficsport.org](mailto:admin@ficsport.org).

***The small silver lining is the opportunity to start or complete the ICSC online learning  
When you may have more time to do this.***

### Education Commission

Under the watchful eyes of our education chair Dr. Christine Foss, the education commission has been working diligently to update, add, and provide new content to the FICS platform. Webinar recordings have begun to be uploaded with new topics being planned in the coming weeks

1. Functional Muscle Testing
2. Patellofemoral Evaluation and Treatment Regimes
3. Foot and Ankle Injuries in Runners
4. Working with High Level Athletes

We are continually looking for additional content of interest for our members. If you have an interest in something in particular, don't hesitate to contact Dr Foss at [drcfoss@gmail.com](mailto:drcfoss@gmail.com).

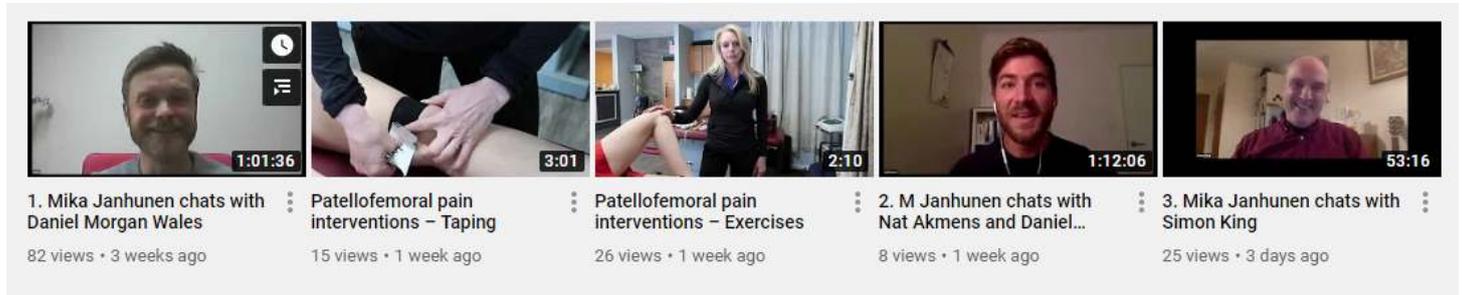

## FICS YouTube channel - "Sport Chiro Chat Show". Hosted by Dr. Mika Janhunen, UK

Mika is the chair of the FICS Finance Commission and driving these informal chats. He will endeavor to inspire educate and entertain, as he brings you updates from notable and interesting names from the around the world of sports chiropractic.

**Subscribe to the FICS YouTube channel to get notifications when new content is posted.**

## Partners: Post Graduate Educational Opportunities

FICS could not provide the educational content we have and continue to promote sports chiropractic throughout the sports world without support from the profession and our valued business sponsors/partners. Today as my focus is on education, I wanted to remind you that there is a treasure trove of educational opportunities from our educational sponsors. Some incredible post graduate educational opportunities are available. Click through to their websites for more information.

1. Life University [www.life.edu](http://www.life.edu)
2. Logan University [www.logan.edu](http://www.logan.edu)
3. Northwestern Health Sciences University [www.nwhealth.edu](http://www.nwhealth.edu)
4. Southern California University of Health Sciences [www.scuhs.edu](http://www.scuhs.edu)

## Sponsors

FICS are excited to welcome **Boiron onboard as a bronze sponsor.**

Boiron was established in 1932 and is a leading U.S. homeopathic medicine supplier.

Boiron has some great webinars which we have added to the FICS website for our members to get to know their product, which include

Homeopathy Basics, Colds and Flu, anxiety and Musculoskeletal. They

also offer a range of webinars targeted at Health Care professionals which

are kept on their education website. These are free however you will be required to register to gain access. Register to gain access to the full range of webinars we have to offer. <https://hcped.boiron.cloud/>

Thank you for your continued support of FICS. We will continue to strive to provide you with an excellent membership experience. Most importantly however, like me, I am sure you are most anxious to get back on the fields and around the courts. Both for your own personal health and for many of us our favorite aspect of professional life.

Please stay well and safe.

Yours in Health

Keith Overland, DC
