

# Fédération Internationale de Chiropratique du Sport

## VISION

Every athlete deserves access to sports chiropractic

## MISSION

*To empower athletes so they can achieve their maximal performance naturally*

## VALUE STATEMENT

*As the leaders in Sport Chiropractic we strive to provide equitable access to sports chiropractic care, education, mentoring and research to all athletes and sports chiropractors regionally, nationally and internationally.*

## BRAND

*The Leaders in Sport Chiropractic*

## VISION & MISSION

We will achieve this through:

- Facilitating athletes access to sports chiropractic care which involves the treating and preventing of athletic injuries naturally
- Being the international (recognised) voice and leader of the specialty of sports chiropractic
- Providing mentored experiential learning to develop sports chiropractors
- Working with other special interest groups that are progressing sports chiropractic through their own endeavours
- Working with other healthcare professions to provide the best patient centred care possible

***The organisational goals describe the future end-state or desired outcome that is supportive of the mission. They are used to shape the way ahead in actionable terms and put a strategic focus into the organisation.***

## FICS VALUES

The FICS value statement is a declaration that informs our stakeholders and members about what our core principles are. It is used to create a positive image of the organisation and to help us achieve positive outcomes for our stakeholders.

### ***The FICS strategic goals are:***

- Ensure all athletes in all sports have access to, when needed, the specialised skills of sports chiropractors, as part of their sport health care
- Promote excellence in postgraduate education and practice in sports chiropractic around the world
- Promote research in sports science and sports chiropractic
- Be recognised as the global representative of the Chiropractic profession in sport
- Establish National Chiropractic Sports Councils (NCSC) throughout the world
- Forge relationships with International Sports Organisations throughout the world
- Ensure the highest levels of professionalism are displayed by our members

***As the leaders in Sport Chiropractic we strive to provide equitable access to sports chiropractic care, education, mentoring and research to all athletes and sports chiropractors regionally, nationally and internationally***

# ENABLING ATHLETES TO PERFORM BETTER NATURALLY

Establishment and fostering of relationships with GAISF and International Sporting Federations who have been identified as strategically and/or politically advantageous for FICS' growth and development towards achieving IOC recognition and full accreditation status at the Olympic Games.

Partnerships with International Sporting Federations, affiliations with CCEI College and Institutions, World Leaders and other strategic parentships, to build a reputation as the voice of sports chiropractic and the provider of the best outcomes for athletes participating in their chosen sports

Providing an International standards for sports chiropractic education programs, ongoing professional development and bringing the thought leaders in Sports Chiropractic together embracing the latest research to foster ongoing learning.

Creating programs which open opportunities for students, recent gradulators, Olympians and doctors to extend their networks, education and experience working with athletes on the world stage.
