   I. The use of these FICS resources for FICS purposes must be clearly demonstrated in their financial accounts;
   II. The financial accounts of the FICS parties may be subjected to auditing by an expert designated by the FICS Executive Board should the need arise for legal of financial reasons.
4. 9. RULES CONCERNING CONFLICTS OF INTEREST AFFECTING THE BEHAVIOR OF FICS PARTIES

a. Scope of Application

These Rules apply to FICS parties as defined by the FICS Code of Ethics preamble: The International Federation of Sports Chiropractic / Fédération Internationale de Chiropratique du Sport and each of its members. With respect to legal persons among the FICS parties, these Rules are applicable to all members or staff with actual decision-making power within them. Each such legal person may define other categories of persons for whom these Rules can be applicable, while informing the Ethics Committee.
b. Definition
   i. In the context of the provisions of these Rules, a distinction is made between the situation of a “potential conflict of interest” and the case of a “conflict of interest”. Only conflicts of interest are prohibited.
   ii. A situation of a potential conflict of interest arises when the opinion or decision of a person, acting alone or within an organization, in the framework of the activities of the physical or legal persons defined in Article 1 above, may be reasonably considered as liable to be influenced by relations that the aforementioned person has, has had or is on the point of having with another person or organization that would be affected by the person’s opinion or decision.
   iii. A case of conflict of interest is constituted when any person who, having abstained from declaring a situation of a potential conflict of interest, expresses an opinion or takes a decision in the circumstances described in the above paragraph 2.

c. Types of Interest to Take into Consideration
   In assessing the situations described in “Definition” above, direct as well as indirect interests must be taken into account. This also includes the interests of a third person (parent, spouse, relation or dependent). In the following non-exhaustive list of examples, the circumstances in which a conflict of interest could arise are:
   i. Personal and/or material involvement (salary, shareholding, various benefits) with the FICS party concerned;
   ii. Personal and/or material involvement with sponsors, broadcasters, various contracting parties;
   iii. Personal and/or material involvement with an organization liable to benefit from the assistance of the FICS party concerned (including subsidy, approval clause or election).

d. Resolution of Conflicts
   It is the personal responsibility of each person to avoid any case of conflict of interest. Faced with a situation of a potential conflict of interest, the person concerned must refrain from expressing an opinion, from making or participating in making a decision or accepting any form of benefit whatsoever. However, if the person wishes to continue to act or if the person is uncertain as to the steps to take, the person must inform the Ethics Committee of the situation; the Ethics Committee then takes the steps foreseen in paragraph 5 below. The information given will be kept confidential.
e. Role of the Ethics Commission
The FICS Ethics Committee is responsible for advising persons, at their request, in a situation of a potential conflict of interest. The Ethics Committee proposes to the person concerned a solution from the following options:

i. Registering the declaration without any particular measure;
ii. Removal of the person involved from part or all of the action or from the decision of the FICS party at the root of the conflict;
iii. Relinquishment of the management of the external interest causing the conflict. Complementary measures may also be proposed. The person concerned then takes the steps that he/she considers appropriate, subject to the Committee’s application of paragraph 7 below.

f. Procedure
Any case of conflict of interest is dealt with in accordance with the provisions of the FICS Charter and the Rules of Procedure of the Ethics Committee. The FICS Executive Management Team is responsible, in the final instance, for taking decisions concerning conflicts of interest.

g. Undeclared Conflicts of Interest
In the event that a person neglects to declare a situation of a potential conflict of interest, the FICS President or one of the FICS Executive Management Team and or Executive Council may refer the case to the Ethics Committee in accordance with the conditions set out in its rules. The Ethics Committee proposes to the Executive Management Team a decision that may include the measures provided in paragraph 5.

h. Specific Provisions
Prior to examination, by the Executive Management Team, of a candidature for election as a FICS member, a candidate must declare his/her professional interests to the Ethics Committee. The Committee may draw the attention of the candidate to potential conflicts of interest that it identifies. This does not exempt the candidate concerned from making subsequent declarations pursuant to paragraph 4.

i. Enforcement
The provisions set forth in paragraph 7 above shall apply to any situation of a potential conflict of interest, which is not declared by the person concerned.

j. Execution
The FICS Executive Management Team and the Ethics Committee are responsible, each in its own capacity, for the execution of these Rules.
10. FICS ETHICS COMMITTEE

The FICS Ethics Committee is charged with defining and updating a framework of ethical principles, including a Code of Ethics, based upon the values and principles enshrined in the FICS Charter of which the said Code forms an integral part. In addition, it investigates complaints raised in relation to the non-respect of such ethical principles, including breaches of the Code of Ethics and, if necessary, proposes sanctions to the FICS Executive Board.

a. Composition

i. The composition and organization of the FICS Ethics Committee are provided for in its statutes.

ii. Any modification of the Code of Ethics, the statutes of the FICS Ethics Committee and any other regulation and implementing provisions emanating from the FICS Ethics Committee is submitted for the approval of the FICS Executive Management Team.

b. Measures and Sanctions

In the case of any violation of the FICS Charter, of the World Anti-Doping Association Code, or any other regulation, as the case may be, the measures or sanctions which may be taken by the FICS Executive Management Team or the Ethics Committee referred to below are:

i. In the context of the FICS movement with regard to FICS members, the Executive Council, the Executive Management team and Commission members:

   b) Suspension, for a specific period, pronounced by the FICS Executive Management Team. The suspension may be extended to all or part of the rights, prerogatives and functions deriving from the membership of the person concerned.
   c) The above-mentioned sanctions may be combined. They may be imposed on FICS members, the Executive Council, the Executive Management team or Commission members who, by their conduct, jeopardize the interests of the FICS, also regardless of any specific violation of the FICS Charter or any other regulation.

ii. In the context of the FICS related events, in the case of any violation of the FICS Charter, of the World Anti-Doping Association Code, or of any other decision or applicable regulation issued by the FICS, including but not limited to the FICS Code of Ethics, or of any applicable public law or regulation, or in case of any form of misbehaviour:
   a) With regard to treating Chiropractic Providers (hereinafter known as “Provider”): temporary or permanent ineligibility or exclusion from FICS related events.
   b) The FICS Executive Management Team may delegate its power to a disciplinary Committee.

iii. Before applying any measure or sanction, the competent FICS body may issue a warning.
iv. All sanctions and measures are taken without prejudice to any other rights of the FICS and of any other body.

v. Any inquiry relating to facts that may lead to any measure or sanction is conducted under the authority of the FICS Executive Management Team, which may delegate all or part of its authority to that effect.

vi. Throughout any inquiry, the FICS Executive Management Team may provisionally withdraw from any concerned person or organization all or part of the rights, prerogatives and functions deriving from such person's or organization's membership or status.

vii. Any individual, team or any other individual or legal entity has the right to be heard by the FICS body competent to apply a measure or sanction to such individual, team or legal entity. The right to be heard in the sense of this provision includes the right to be acquainted with the charges and the right to appear personally or to submit a defence in writing.

viii. Any measure or sanction decided by the FICS Executive Management Team or the Ethics Committee will be communicated in writing, which may include but not limited to electronic communications, to the party concerned.

ix. All measures or sanctions shall be effective forthwith unless the competent body decides otherwise.

II. The opinions issued by the Committee are not binding upon it with regard to the exercise of its other competencies.

d. Safeguarding Athletes from Harassment and Abuse in Sport

When studying why harassment and abuse occur in a sporting context, researchers have identified a number of risk factors, which include the hierarchical status system in sport, a win-at-all-costs culture and a lack of preventative measures. Furthermore, according to experts, harassment and abuse occur in a sports culture where three factors align:

I. There is a perpetrator with high inclination or motivation to harass/abuse;
II. The sports culture has few or no athlete protection mechanisms in place (for example, no prevention policies or procedures)

III. Athlete vulnerability is high.

The IOC reports that studies have shown that, at present, sports organizations are often not sufficiently equipped to manage reports of harassment and abuse occurring within a sporting context, or disclosures from athletes regarding harassment and abuse occurring outside a sporting context. To comply with the IOC’s request that sports organizations comply and adapt a “Safeguarding Athletes from Harassment and Abuse in Sport” toolkit, FICS mandates that all sport chiropractors participating in FICS sanctioned event sign and statement that they have read, understand and will comply with the NCMIC (National Chiropractic Mutual Insurance Company) Professional Boundaries statement.
